**The StoneHill Group Offers MERS® System Members
Assistance With Annual Report, Quality Assurance Plans**

January 18, 2012 – ATLANTA, GA – MERS® System members can look to The StoneHill Group—a national provider of pre- and post-closing quality control, fulfillment, due diligence, collateral audits, and staffing solutions to the mortgage banking, banking, credit union, and financial services industries—for help in complying with the requirements for delivery of their Annual Report of Quality Assurance Standards Compliance, and their Quality Assurance plans.

"If you are a servicer or sub-servicer who needs assistance in complying with Rule 7 of the MERS® System Rules of Membership, we have several cost-effective and low maintenance solutions for processing and quality assurance management to help you," said David Green, President of The StoneHill Group.

The StoneHill Group offers the following services to MERS® System members:

- Monthly data reconciliation with the MERS® System
- Document forensics
- Quality assurance plan review and professional services

“The StoneHill Group has always provided top-notch and much-needed assistance to our members,” said Doug Danko, MERSCORP Vice President of Sales and Marketing.
