News Release

The StoneHill Group Offers MERS® System members assistance with monthly reconciliations and annual reporting

Atlanta, GA (June 14, 2012) – The StoneHill Group, a national provider of pre- and post-closing quality control audits, fulfillment, due diligence, and collateral audits to mortgage bankers, banks, credit unions, and the financial services industry, today announced a service to help MERS® System members comply with their annual reporting and monthly reconciliation requirements.

The MERS® System is a national electronic database that tracks changes in mortgage servicing and beneficial ownership interests in residential and commercial mortgage loans.

“If you are a servicer or sub-servicer who needs assistance in complying with Rule 7 of the MERS® System Rules of Membership, we have several cost-effective and low maintenance solutions for processing and quality assurance management to help you,” said David Green, President of The StoneHill Group.

The StoneHill Group offers the following services to MERS® System members:

- Monthly data reconciliation with the MERS® System
- Document forensics
- Quality assurance plan review and professional services

The StoneHill Group maintains strict quality control standards while supporting MERS® System Members and ensures data integrity by being compliant to SSAE 16 audit rules.
